Executive Summary

This report covers information and data from FY 23-24 (01 July 2023 – 30 June 2024). It includes data from FY 22-23 for comparison; however, previous data was recorded under different guidelines and is therefore inappropriate for comparison.

[Calls for Service](#). This period, a total of 10,710 calls for service were handled. Compared to FY 22-23 (a total of 9,028 calls, this represents an increase of 19 percent.

[Response Times](#). This period, the average response time for emergency calls was 3:50 minutes. Compared to FY 22-23 (3:19), this represents an increase of 9 percent.

[Original Reports Documented](#). This period, 746 reports were taken. Compared to FY 22-23 (890), this represents an increase of 16 percent.

[Violent Crime Reports](#). This period, 30 violent crimes were documented. Compared to FY 22-23 (62), this represents a decrease of 52 percent.

[Violent Crime Arrests](#). This period, 19 violent crime arrests were made. Compared to FY 22-23 (33), this represents a decrease of 42 percent

[Property Crime Reports](#). This period, 90 property crimes were documented. Compared to FY 22-23 (142), this represents a decrease of 37 percent.

[Property Crime Arrests](#). This period, 16 property crime arrests were made. Compared to FY 22-23 (15), this represents an increase of 7 percent

[Driving Under the Influence](#). This period, 66 DUI arrests were made. Compared to FY 22-23 (64), this represents an increase of less than one percent.

[Traffic Citations](#). This period, 2,821 citations were issued. Compared to FY 22-23 (1,189), this represents an increase of 237 percent.

[Traffic Collisions](#). This period, 61 traffic collisions were documented. Compared to FY 22-23 (81), this represents a decrease of 25 percent.

Organization

The San Mateo County Sheriff's Office is led by Sheriff Christina Corpus and her executive staff: Undersheriff Dan Perea, Assistant Sheriff Ryan Monaghan, and Chief of Staff Victor Aenlle.

Christina Corpus
Sheriff

Dan Perea
Undersheriff

Victor Aenlle
Chief of Staff

Ryan Monaghan
Assistant Sheriff

The Office is divided into three divisions:

- Corrections. In California, a jail is a correctional facility that houses pre-trial incarcerated persons during trials, motions, and appeals; and post-conviction persons for sentences generally less than one year. The Sheriff's Office maintains two jails to service to the courts in San Mateo County.
- Operations. The San Mateo County Sheriff's Office provides law enforcement services to public transportation, incorporated portions of the county and five contract cities through:
 - Headquarters includes the contract cities of Portola Valley and Woodside and unincorporated Redwood City.
 - North County includes the contract city of Millbrae and unincorporated areas north of S.R.#92.
 - South County includes the contract city of San Carlos and unincorporated areas south of S.R.#92.
 - Coastside includes the contract city of Half Moon Bay and unincorporated areas west of S.R.#35.
- Support Services. This includes Professional Standards Bureau, Recruiting and Retention, Records Bureau, as well as other administrative offices.

All aspects of the San Mateo County Sheriff's Office partner with allied agencies, non-governmental organizations, and charitable organizations with the common goal of achieving public safety.

Crime Data

Crime Data refers to the number of incidents reported to the San Mateo County Sheriff's Office during the reporting period. Specifically, it refers to incidents reported during the reporting period and may include incidents that occurred outside of the reporting period. Additionally, the data represents the number of incidents that occurred, not the number of victims.

Special Note on Crime Data

In September 2021, the San Mateo County Sheriff's Office transitioned from the Uniform Crime Reporting System (UCR) to the National/California Incident-Based Reporting System (CIBRS/NIBRS). This change in reporting significantly impacted the way crime statistics are captured and reported.

One important thing to take into consideration is the data post-NIBRS may be misinterpreted as an increase in crime, but the key to understanding NIBRS is to acknowledge that the variations in data are a by-product of the reporting rules. NIBRS was implemented to improve the quality of crime data collected by law enforcement. The NIBRS system captures a more extensive range of offenses, continuing to record crimes like homicide, rape, and burglary while measuring crimes like identity theft, drugs, and weapon offenses. NIBRS collects data on 22 categories of crime compared to the UCR system, which only collected eight. Often, reporting only a subset of crimes limits the information available to service the public and can skew the real picture of what is happening in a community. As a result, the comparison of crime data in 2021 versus 2022 forward, looks significantly different. It is for this reason this report will only reflect the previous fiscal year without the context of preceding years stats.

For additional information on NIBRS:

<https://www.fbi.gov/how-we-can-help-you/more-fbi-services-and-information/ucr/nibrs>

For offense definitions:

https://ucr.fbi.gov/nibrs/2018/resource-pages/nibrs_offense_definitions-2018.pdf

Crime and Enforcement

Overall

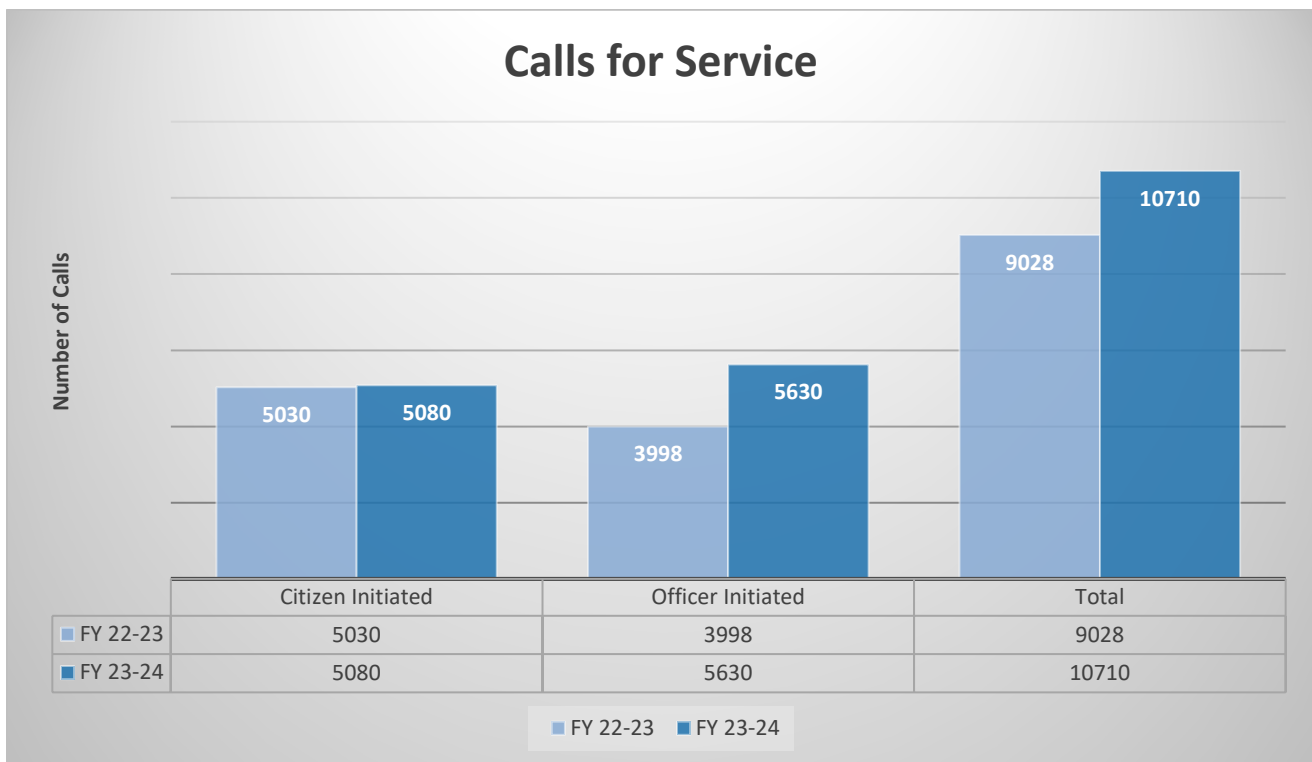

Calls for service

During FY 22-23, there were 9,028 calls for service. Overall, during FY 23-24, the Half Moon Bay Patrol Bureau responded to 10,710 calls for service. This represents an increase of 19%.

Citizen-Initiated Calls for Service

During FY 22-23, there were 5,030 calls for service. During FY 23-24, the Half Moon Bay Patrol Bureau responded to 5,080 calls for service. Citizen-initiated calls remain steady at an increase of less than 1%.

Fiscal Year	Citizen Initiated	Officer Initiated	Total
FY 22-23	5030	3998	9028
FY 23-24	5080	5630	10710

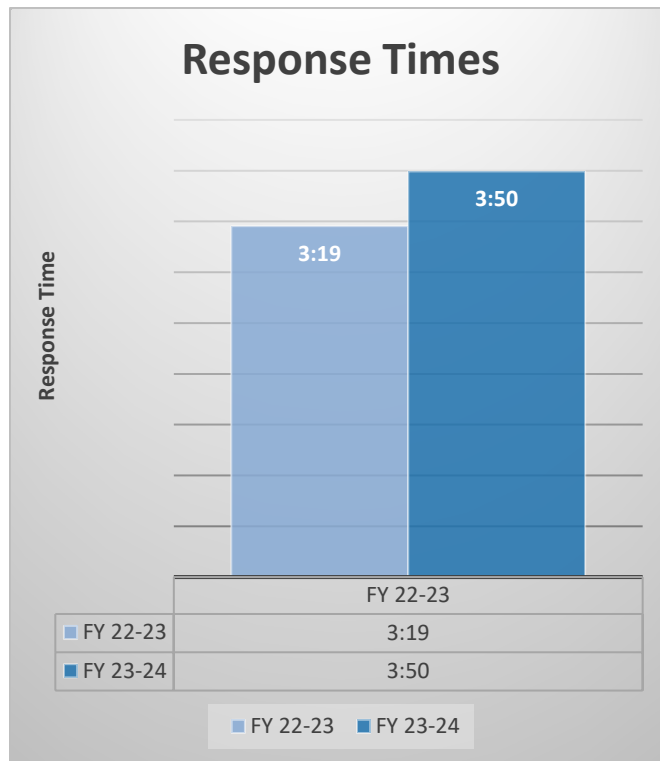

Deputy-Initiated Activity

During FY 22-23, there were 3,998 officer-initiated calls. During FY 23-24, the Half Moon Bay Patrol Bureau initiated 5,630 calls. This represents an increase of approximately 41%.

Response Times

Emergency calls are defined as “Immediate” (Priority 1) calls in progress that require an immediate response, and there is reason to believe that the immediate presence of law enforcement is essential to save a life. According to the Department of Justice, several studies have found that if the police take less than 5 minutes to respond to a call involving a crime, the probability of making an arrest is 60 percent. When the time exceeds 5 minutes, the arrest probability drops to approximately 20 percent. We have consistently responded to emergency calls with an average time significantly below five minutes. These response times are excellent by any standard, and this metric is critical to community safety. This represents an increase of 9%.

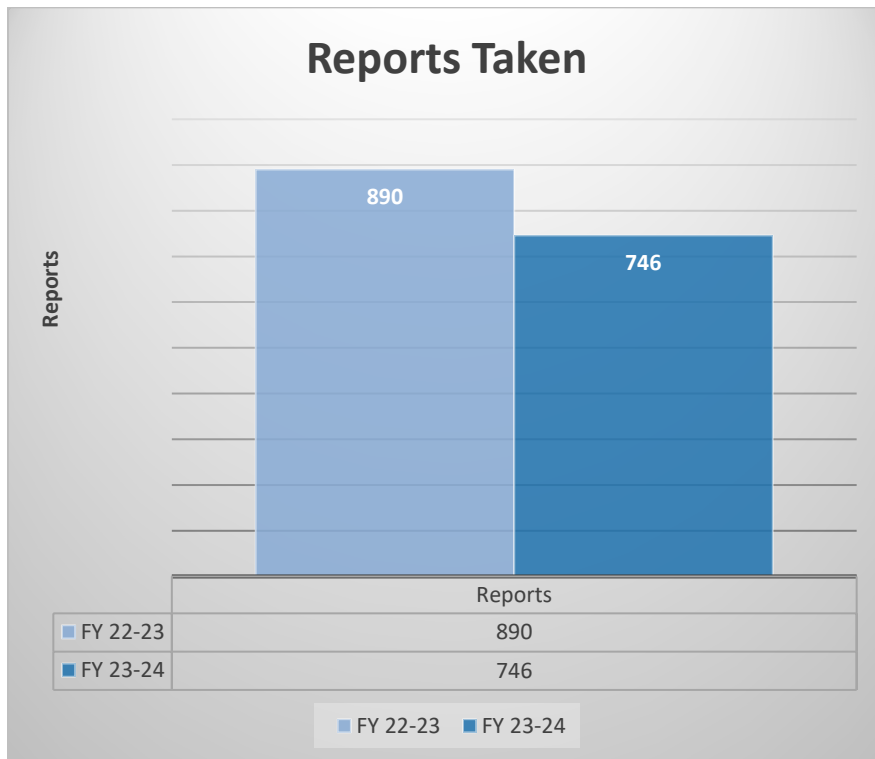

Fiscal Year	FY 22-23
FY 22-23	3:19
FY 23-24	3:50

Original Reports Documented

The Sheriff's Office generates reports for a number of incidents, crimes, and events. During FY 22-23, there were 890 reports written. During FY 23-24, the Half Moon Bay Patrol Bureau generated a total of 746 written reports. This represents a decrease of approximately 16%.

Fiscal Year	Reports
FY 22-23	890
FY 23-24	746

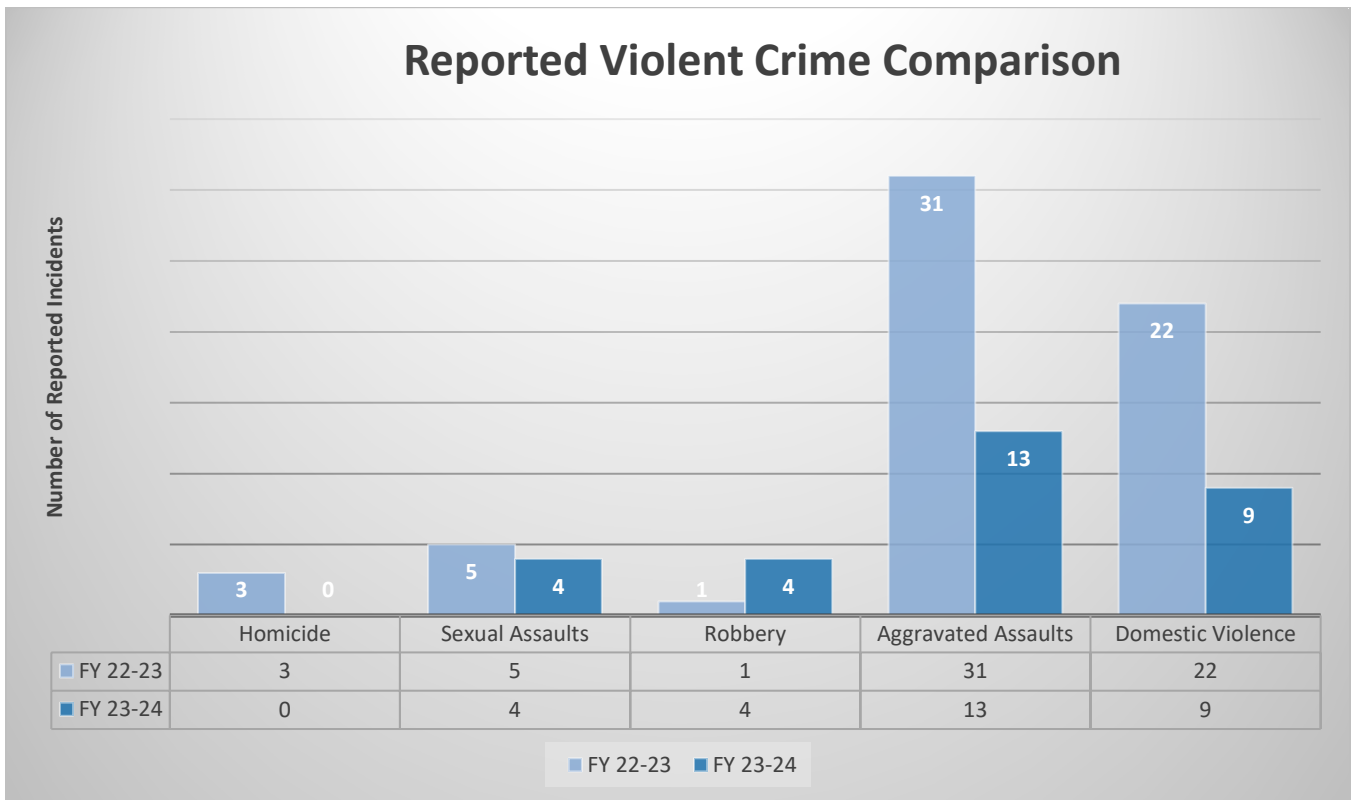

Violent Crime Reports

[NIBRS](#) breaks down crimes into groups, which do not correspond to the general definition of violent crime (NIBRS Group A includes Murder as well as Possessing Stolen Property); therefore, this category does not correspond to NIBRS groups, but will include the crimes of Homicide, Sexual Assaults, Robbery, Aggravated Assaults, and Domestic Violence.

During FY 22-23, there were 62 violent crimes documented. During FY 23-24, the Half Moon Bay Patrol Bureau documented 30 violent crimes. This represents a decrease of 52%.

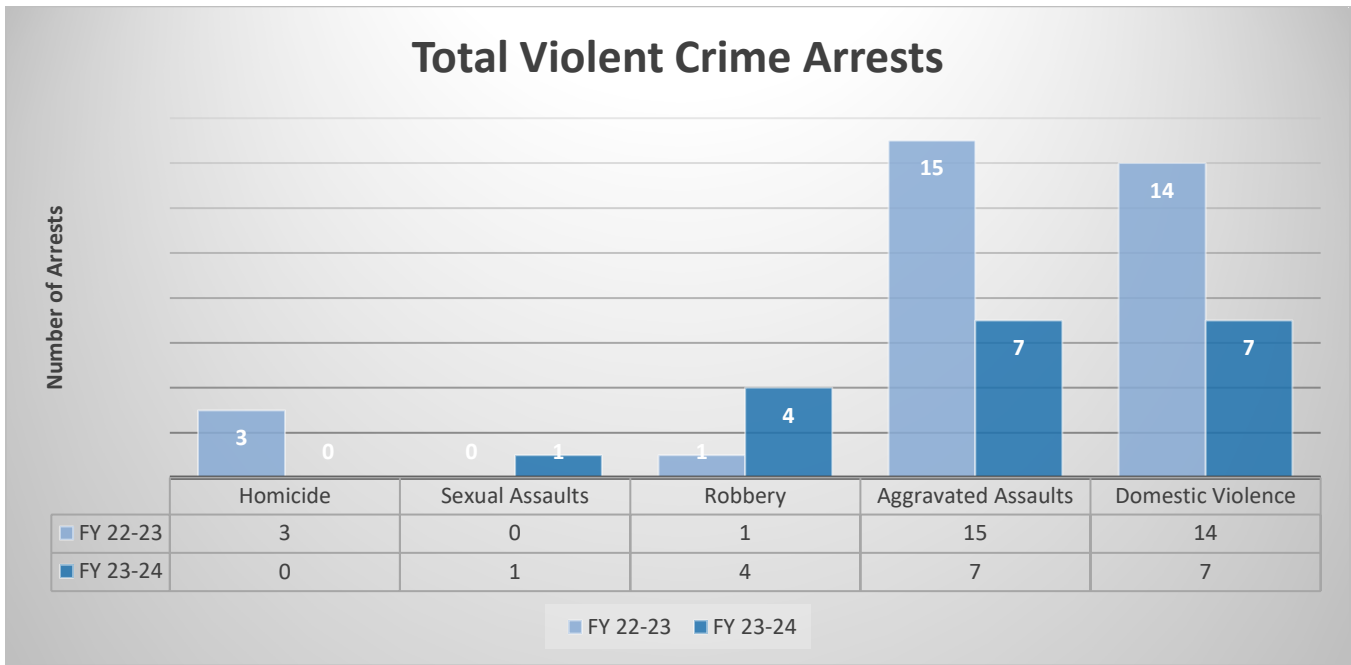

Fiscal Year	Homicide	Sexual Assaults	Robbery	Aggravated Assaults	Domestic Violence
FY 22-23	3	5	1	31	22
FY 23-24	0	4	4	13	9

Violent Crime Arrests

During FY 22-23, there were 33 violent crime arrests. During FY 23-24, the Half Moon Bay Patrol Bureau made 19 violent crime arrests. This represents a decrease of 42%.

Fiscal Year	Homicide	Sexual Assaults	Robbery	Aggravated Assaults	Domestic Violence
FY 22-23	3	0	1	15	14
FY 23-24	0	1	4	7	7

Violent Crime Trends

During this current period, compared to FY 22-23, there was a 42% decrease in violent crime arrests. However, as noted in a previous slide, there was also a decrease in violent crime reports (52% during the same period).

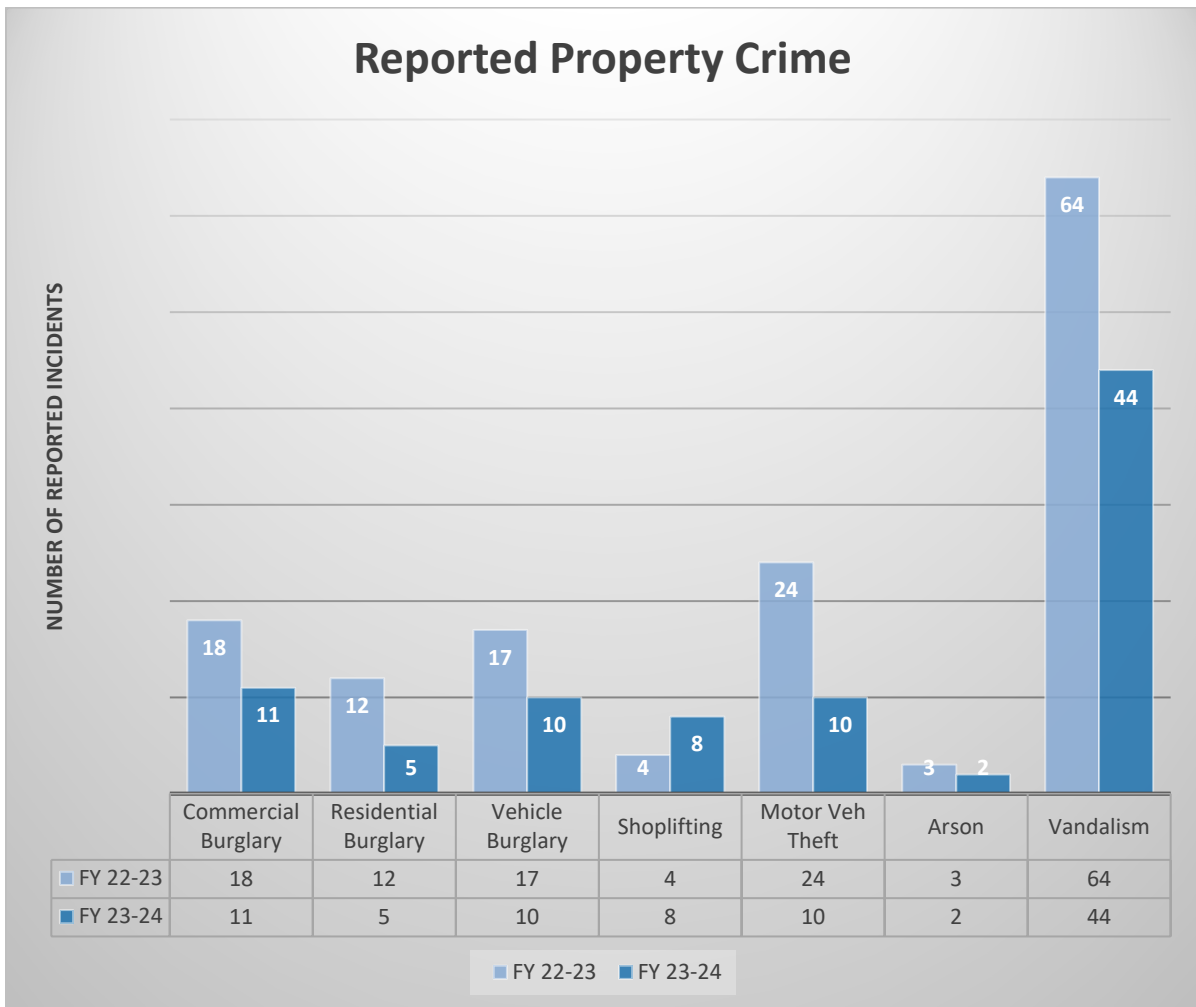

Comparing arrests between fiscal years is more correctly done in terms of a ratio of violent crime to arrests for violent crime. Arrests from violent crimes have increased from 0.306 in FY 22-23 to 1.100 in FY 23-24.

Property Crime Reports

[NIBRS](#) breaks down crimes into groups, which do not correspond to the general definition of violent crime (NIBRS Group A includes Larceny/Theft Offenses, as well as Murder; therefore, this category does not correspond to NIBRS groups, but will include the crimes of Commercial Burglary, Residential Burglary, Vehicle Burglary, Shoplifting, Motor Vehicle theft, Arson, and Vandalism.

During FY 22-23, there were 142 property crimes documented. During FY 23-24, the Half Moon Bay Patrol Bureau documented 90 property crimes. This represents a decrease of 37%.

Fiscal Year	Commercial Burglary	Residential Burglary	Vehicle Burglary	Shoplifting	Motor Veh Theft	Arson	Vandalism
FY 22-23	18	12	17	4	24	3	64
FY 23-24	11	5	10	8	10	2	44

Property Crime Arrests

During FY 22-23, there were 15 property crime arrests. During FY 23-24, the Half Moon Bay Patrol Bureau made 16 property crime arrests. This represents an increase of 7%.

Fiscal Year	Commercial Burglary	Residential Burglary	Auto Burglary	Shoplifting	Motor Veh Theft	Arson	Vandalism
FY 22-23	3	3	0	2	0	1	6
FY 23-24	1	0	0	3	3	1	8

Investigations

The Investigations Bureau is composed of a team of expertly trained and specialized personnel who use their expertise to conduct crucial investigations into crimes that affect Half Moon Bay. While only two detectives from the bureau are assigned to Half Moon Bay, it is important to note that they have access to the entire bureau's resources to investigate any crime.

Investigative case highlights for FY 23-24 are as follows:

- Three suspects vandalized a community LGBTQ+ center by throwing rocks through a window and pulling down and damaging numerous pride flags and signage. There was surveillance footage of the crime. Two of the Three suspects were identified. It was learned both suspects were students at Cunha Intermediate School. JCR & Court packet was completed and sent to YSC.
- A suspect vandalized a community LGBTQ+ center by pulling down and damaging a pride flag and removing and scattering additional decorative signage. Based on video footage of the incident the suspect was identified and a JCR & Court packet was completed and sent to YSC.
- A suspect (known from the previous incidents) was contacted in the area after the report. When Deputies attempted contact, a brief struggle ensued. An in-field show up was conducted and the reporting party/witness identified the suspect. The suspect was cited and released to his parents. Later, Deputies retrieved his cellular phone from inside his residence. Detectives followed-up with Coastpride and updated them on all their cases. Additionally, Detectives are authoring search warrants for the suspect's cellular phone and social media accounts.
- A suspect(s) threw a frozen egg at a victim while having a bonfire at Poplar Beach. The frozen egg made contact with the victim's left eye causing a fracture to his eye socket. The victim and his friends gave a vague description of the suspect and their vehicle (Blue Ford Ranger). Using ALPR and social media, Detectives were able to locate a person of interest. Later, a group of suspects were seen lighting fireworks in El Granada. Deputies contacted the group, and several fled the scene. Five suspects were eventually contacted and arrested. Detectives were able to follow up with two of those suspects and confronted them about the egging. Both denied involvement but did state the identified person of interest bragged to them on social media about the incident. Detectives will be following up on social media search warrants. Additionally, several suspects were identified during interviews. Those interviews still need to be conducted.
- A parent called to report her separated husband took their 9-year-old daughter and 11-year-old son to Half Moon Bay. The father fed the son a

pinch of smelly brown “playdough” like substance in a park. The child got very sick and fell asleep a short time later. The mother took the child to the hospital and found a positive screening for opiates. Through an investigation, it was learned the father would pressure the children into taking this “medicine.” Detectives were able to execute a search warrant on the father’s residence. Detectives located a large amount of opium inside the residence & his vehicle.

Equipment

The San Mateo County Sheriff's Office in Half Moon Bay has access to ALPR data. Thanks to the advanced camera network, we can now enhance vehicle recognition and quickly search for crime-related vehicles based on various characteristics such as vehicle type, make, color, state of license plate, and other distinctive features like bumper stickers, decals, and roof racks. This feature will assist our Bureau and allied agencies in searching for vehicles that may be involved in criminal activity and will also provide real-time alerts regarding their movements. Utilizing ALPR technology, frequent patrols, and responding to public reports of criminal activity are crucial components of the Half Moon Bay Police Bureau's efforts to prevent crime.

Retention, sharing, and use of the data from the Flock cameras is generally controlled by the contracting cities and governed by the San Mateo County Sheriff's Office Lexipol Policy 420, which states the data will only be accessed by authorized employees who have been trained and certified in the use of the equipment, the system will only be used for an official law enforcement purpose, and the information will not be shared or used for immigration enforcement; among other provisions.

ALPR technology assisted in several investigations in FY 23-24. ALPR success stories:

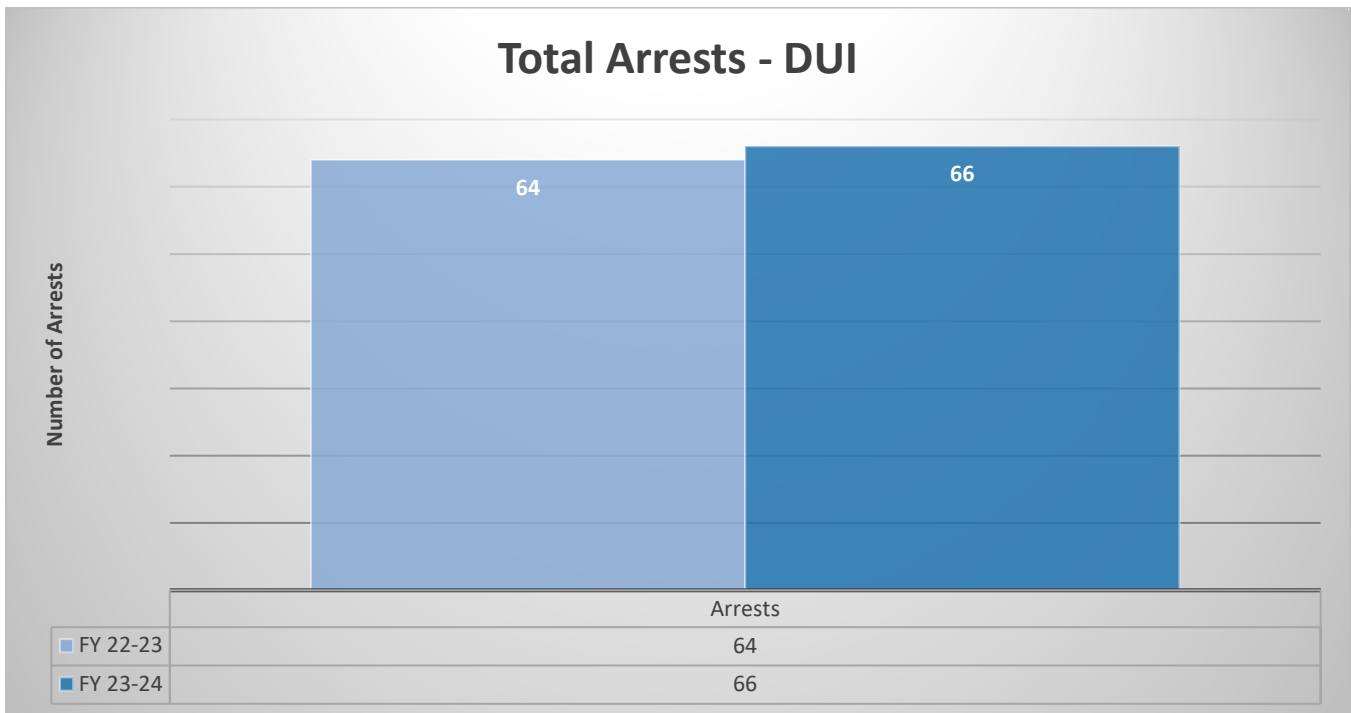

- LPR camera hit on a felony vehicle related to a recent gang assault case, leading to the location of evidence and suspect arrests.
- LPR camera in another county hit on a vehicle belonging to an at-risk female subject who was reported missing from the coast. This led to working with those law enforcement agencies and locating the missing girl.
- While investigating an auto burglary, LPR camera data spotted in suspect's vehicle in the area of several similar burglaries spanning several weeks. This data led to solving multiple felony cases.

Traffic

Driving Under the Influence

Driving Under the Influence (DUI) is an issue that affects traffic safety and impacts all aspects of the community. DUI is inclusive of impairment by alcohol and drugs. During FY 22-23, there were 64 DUI arrests. During FY 23-24, the Half Moon Bay Patrol Bureau made 66 DUI arrests. DUI arrests remain steady with an increase of 3%.

Fiscal Year	Arrests
FY 22-23	64
FY 23-24	66

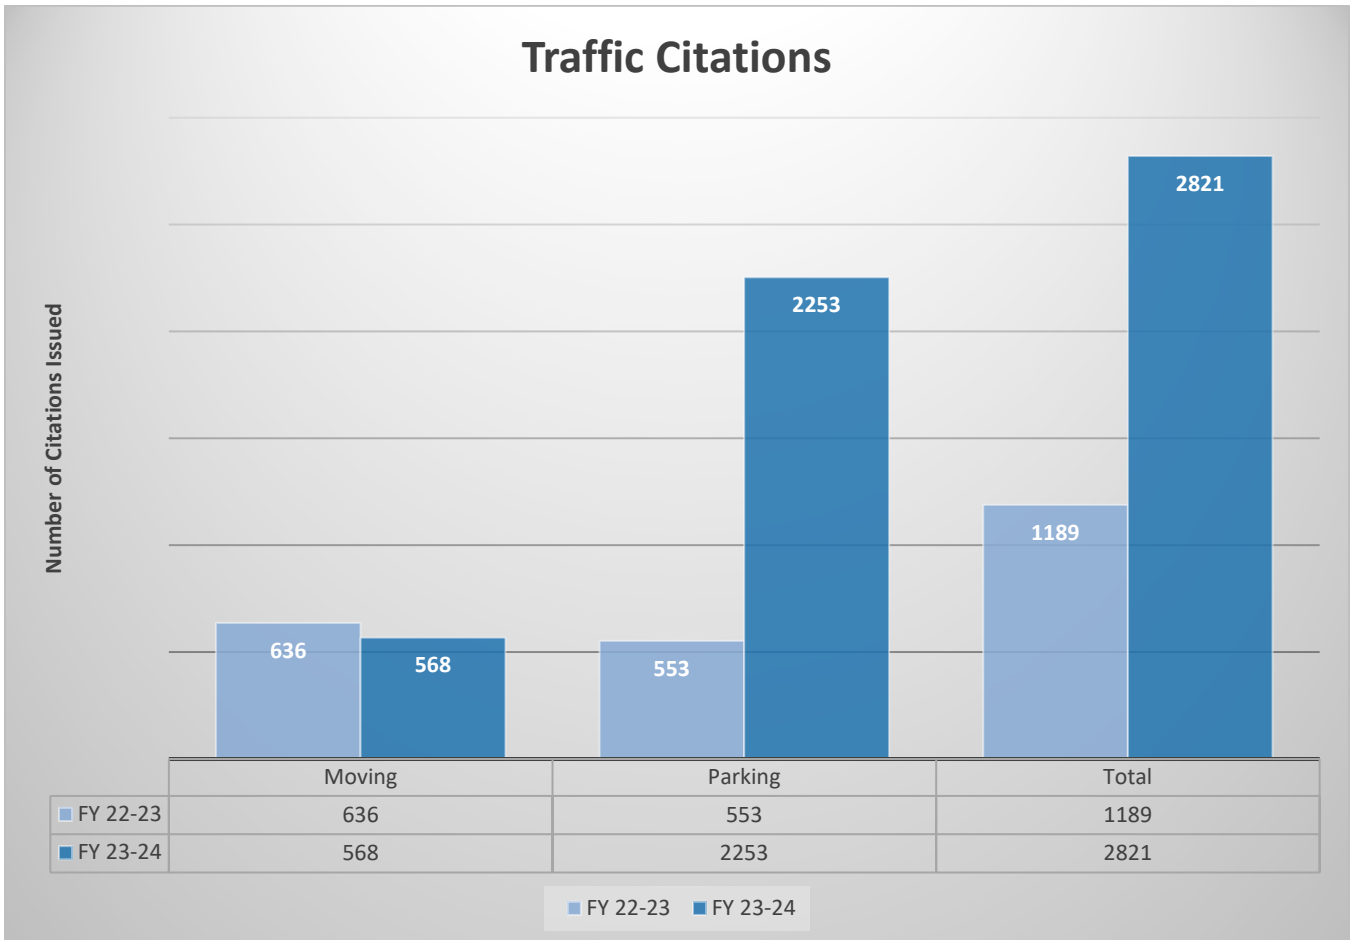

Traffic Citations

Traffic citations are issued when a traffic violation is identified, and the issuing Sheriff's Deputy believes it is in the best interest of traffic safety to issue a citation. Studies have shown that citations affect driver behavior much longer than a warning, increasing traffic safety.

During FY 22-23, there were 1189 citations issued. During FY 23-24, the Half Moon Bay Patrol Bureau issued a total of 2821 citations. This represents an increase of 237%.

This increase appears to be due to the hiring of 2 full-time CSO's; one for Half Moon Bay and one for the unincorporated coastside, who assists the city of Half Moon Bay as needed. This has allowed the Half Moon Bay CSO to focus on parking violations, as well as being assisted by the coastside CSO.

Fiscal Year	Moving	Parking	Total
FY 22-23	636	553	1189
FY 23-24	568	2253	2821

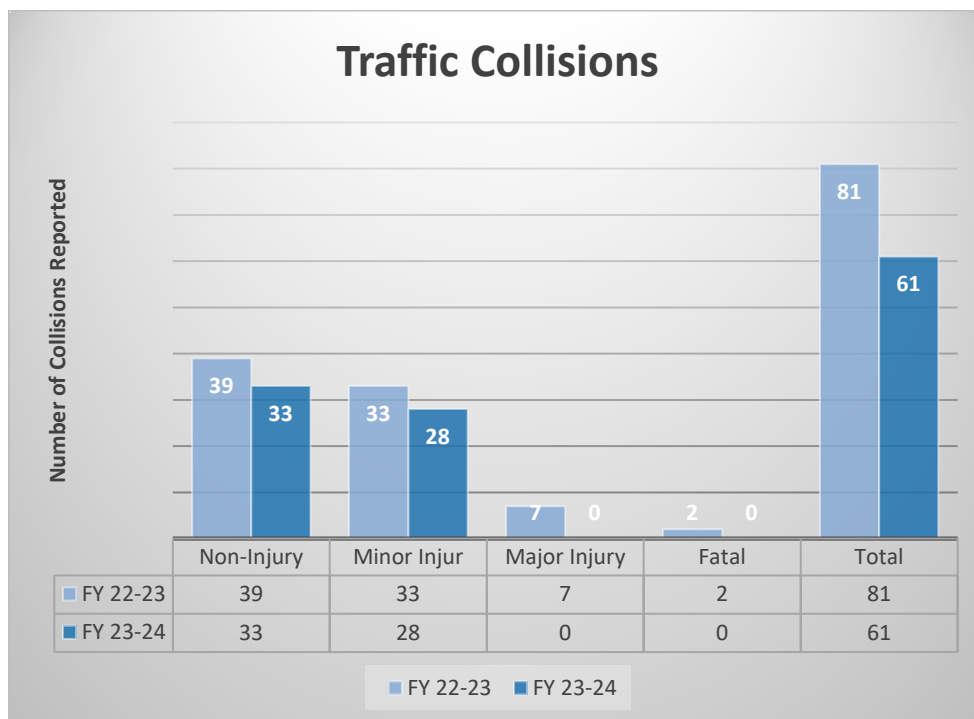

Traffic Collisions

The following data categories for motor vehicle traffic collisions were used: fatal injury, major injury, minor injury, and non-injury collisions.

- **Fatal injury:** resulting in the death of one or more persons within 30 days of the collision. During FY 22-23, there were 2 reported fatal-injury collisions. During FY 23-24, Half Moon Bay had no reported fatal injury collisions.
- **Major injury:** including severe wounds, other visible injuries, or complaints of pain. During FY 22-23, there were 7 reported major-injury collisions. During FY 23-24, Half Moon Bay had no reported major-injury collisions.
- **Minor injury:** any injury that is evident at the scene of the collision other than fatal or major injuries. During FY 22-23, there were 33 reported minor-injury collisions. During FY 23-24, Half Moon Bay had 28 reported minor-injury collisions. This represents a decrease of 15%.
- **Non-injury:** no complaint made, or treatment required by the persons involved. During FY 22-23, there were 39 reported non-injury collisions. During FY 23-24, Half Moon Bay had 33 reported non-injury collisions. This represents a decrease of 15%.

Fiscal Year	Non-Injury	Minor	Major	Fatal	Total
FY 22-23	39	33	7	2	81
FY 23-24	33	28	0	0	61

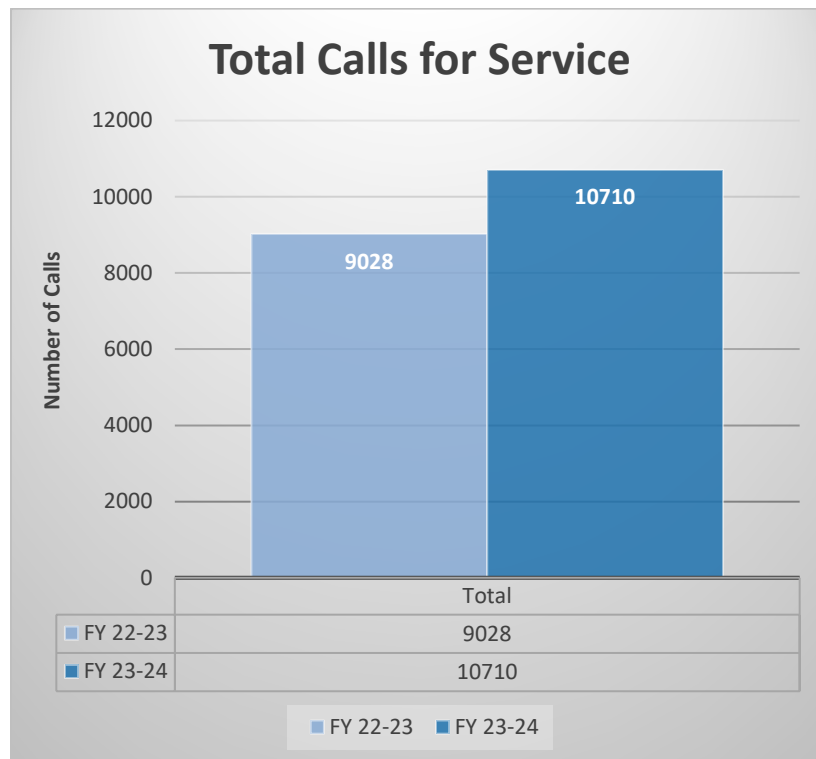

The top three collision factors in FY 23-24 were:

Public Safety Communications (dispatch)

The communications center answers both 911 and non-emergency calls from the public and provides dispatching services to the City of Half Moon Bay. Dispatchers are a critical component of communicating with our community. In addition to communicating with deputies and bureau staff, dispatchers direct the appropriate resources (medical aid, law enforcement, etc.) to emergencies and other calls for service.

During FY 22-23, there were 9,028 calls handled. During FY 23-24, Public Safety Communications handled a total of 10,710 calls. This represents an increase of 19%.

Fiscal Year	Total
FY 22-23	9028
FY 23-24	10710

Community Outreach

School Resource Officers

The Half Moon Bay Patrol Bureau's deputies and sergeants work closely with School Resource Officers to establish a safe and supportive learning environment for students, parents, and faculty. Our SROs play a crucial role in developing safety plans, engaging with students through meet-and-greets, and partnering with community-based organizations to provide education on crime prevention and drug safety. Furthermore, our SROs are responsible for investigating criminal activity, ensuring security and crowd control at school events, and conducting home visits when necessary.

The Sheriff's Office prioritizes building and nurturing a strong connection with the community we serve. We aim to effectively engage with the community to promote trust, communication, transparency, and mutual respect. We have developed strategic programs, organized special events, provided education, and disseminated public information to achieve this goal. Our staff and volunteers work tirelessly to interact with residents, businesses, youth, community organizations, and the media to foster a positive relationship that benefits everyone involved. We encourage and maintain a strong relationship with the community we serve.

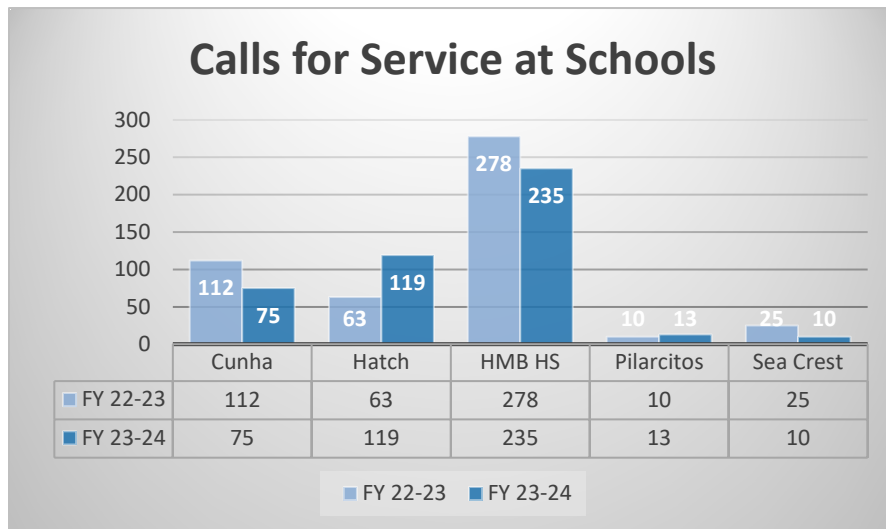

The following are some of the notable teams and partners that participate in the Sheriff's community outreach programs:

- Backpack drive for students
- Bike Safety Day
- Booth at Sana San Health Forum
- CARON distributed 80 purses with different toiletries and cosmetics inside as part of Mother's Day celebration. The purses were donated by Peninsula Hills Women Group and were provided to community members at Moonridge and Pillar Ridge.
- Christmas toy drive at Cunha School
- Coffee with the Chief at Café Society Coffee Shop
- Community Engagement Unit hosted "Play Streets" in HMB with 100 kids in attendance!
- CPR Workshop w/ the Red Cross at Main Street Apartments
- Dia del Nino Community Event with Moonridge Community members
- Dodge Ball with the Deputies and YMCA
- Food at no cost to kids participating in many of the community events, often with food to take home to their families as well. In partnership with the Second Harvest Food Bank, we are able to provide approximately 1500 pounds of food to approximately 2800 community members.
- Graffiti clean-up and beach clean-up with Coastside Teen Leaders (SAL)
- Health Festival at Main Street Apartments
- Junior Giants Baseball
- National Night Out

- Outreach to unhoused in conjunction with CARES.
- Prom dresses and bags of makeup to young women in the community provided by SAL with Princess Project Silicon Valley
- SAL Leadership Program: providing youth with a safe environment in which they may grow. The program incorporates curriculum focusing on relationships, coping skills, self-esteem, and much more, including monthly field trips throughout the community.
- San Mateo County Sheriff’s Office STAR Camp
- School Resource Officer on campus to build
- School Resource Officers and CARON participated in open dialog with Los Compadres men’s group in HMB
- School Resource Officers, Deputies & CHP detail walking elementary students across Hwy 1 for field trips

Calls for service at Half Moon Bay schools continue to decline. During FY 22-23, there were 488 calls handled. During FY 23-24, there were a total of 452 calls for service at Half Moon Bay schools. This represents a decrease of 7%.

FY	Cunha	Hatch	HMB HS	Pilarcitos	Sea Crest
FY 22-23	112	63	278	10	25
FY 23-24	75	119	235	13	10

A note on Hatch School

Hatch School had a significant increase in calls from FY 22-23 to FY 23-24. A review of those calls revealed that 56 of the calls were alarms, 15 were for traffic control, and 12 were for passing checks (a request that a Deputy Sheriff drive by the location). Based on this, it appears that there is no cause for concern regarding this increase.

Psychiatric emergency response team (pert)

The Psychiatric Emergency Response Team (PERT) is a partnership between the San Mateo County Sheriff's Office and San Mateo County's Behavioral Health and Recovery Services (BHRS). PERT's goal is to provide resources and support to individuals and families living with mental illness to help manage acute crises, reduce violent interactions and tragic outcomes involving law enforcement and those experiencing crises, reduce jail recidivism of those living with mental illness, and reduce psychiatric emergency hospitalizations by proactively diverting people to other applicable services and resources in the community. When the team was initially started in 2015, it consisted of one Sheriff's Office detective and one BHRS clinician. In 2019, PERT expanded to include two detectives and two clinicians.

PERT coordinates San Mateo County's Crisis Intervention Training (CIT) and Enhanced Crisis Intervention Training (ECIT). CIT was started in 2005 and is a foundational training focused on mental health systems, resources, recognizing signs and symptoms of mental illness, and de-escalation. ECIT started as a new course in 2021 that focuses on bringing modern best practices for mental health crisis response to law enforcement, which includes alternative strategies such as delayed contact, maintaining time and distance, disengagement, and teaching crisis communication techniques.

PERT reviews all mental health cases within the Sheriff's Office. This includes cases where an individual is determined to meet criteria for Welfare and Institutions Code 5150 (W&I 5150), which is an involuntary hold, by being a danger to themselves, danger to others, or gravely disabled. Patrol deputies also refer cases where mental health is suspected to be a factor, but the individual does not meet criteria for W&I 5150.

Psychiatric Emergency Response Team (PERT)

	W&I 5150	SMCSO Non-5150 Referral	Self/Family

Crisis assistance response & evaluation services (CARES)

In March 2022, The City of Half Moon Bay launched the pilot program, Crisis Assistance Response and Evaluation Services (CARES). The CARES program is a community-based response team for low-level mental health crisis calls placed to San Mateo County Public Safety Communications (PSC). The City has contracted with a local nonprofit service provider, El Centro de Libertad, to pilot an alternative response to mental health-related 911 calls traditionally answered by fire, ambulance, or law enforcement. Service calls appropriate for the CARES team include welfare checks, suicidal ideation and other mental health distress, substance abuse, and low-level, nonviolent concerns related to behavioral health. The type of calls that would be targeted are those where there is no immediate threat of violence, or medical emergency.

CARES Leadership estimates they have taken and responded to well over 400 calls for service in Fiscal Year 2022-2023. The CARES team is an invaluable asset to Sheriff's Office patrol efforts in Half Moon Bay and have blended seamlessly with our Coastside Deputies. CARES team members are a very much appreciated addition to the level of care we can provide those in crisis or even just those having a rough day, who greatly benefit from CARES expertise, services and skill set.

Community events

Community events are a chance to build relationships between law enforcement and the community we serve. It not only strengthens bonds, but bolsters relationships that are critical to ensuring a safe and supportive environment. Some of the events that coastside Deputies and the Sheriffs Community Engagement Unit have participated in in Half Moon Bay:

- Backpack drive for students
- Bike Safety Day
- Booth at Sana San Health Forum
- CARON distributed 80 purses with different toiletries and cosmetics inside as part of Mother's Day celebration, which had been donated by Peninsula Hills Women Group
- Christmas toy drive at Cunha School
- Coastside Teen Leaders (SAL) participated in graffiti cleanup and beach clean up
- Coffee with the Chief at Café Society Coffee Shop
- Community Engagement Unit hosted "Play Streets" in HMB with 100 kids in attendance!
- CPR Workshop w/ the Red Cross at Main Street Apartments
- Dia del Nino Community Event with Moonridge Community members
- Dodge Ball with the Deputies and YMCA
- Food at no cost, in partnership with the Second Harvest Food Bank, to kids participating in many of the community events we participate in and often provide them with food to take home to their families as well.
- Health Festival at Main Street Apartments
- Junior Giants Baseball
- National Night Out
- Outreach to unhoused in conjunction with CARES.
- SAL Leadership Program: providing youth with a safe environment in which they may grow. The program incorporates curriculum focusing on relationships, coping skills, self-esteem, and much more, including monthly field trips throughout the community.
- SAL partnered with Princess Project Silicon Valley and provided prom dresses and bags of makeup to young women in the community
- San Mateo County Sheriff's Office STAR Camp
- School Resource Officer on campus to build
- School Resource Officers and CARON participated in open dialog with Los Compadres men's group in HMB
- School Resource Officers, Deputies & CHP detail walking elementary students across Hwy 1 for field trips

San Mateo County Sheriff's Office Transparency Portal

The San Mateo County Sheriff's Office currently has three transparency portals through which the public can access data and information regarding the Sheriff's Office activities:

[Transparency Portal](#). This web page contains information including, but not limited to, employee demographics, calls for service, Internal Affairs statistics (investigations are not generally available to the public by law), evictions, crimes/arrests, corrections data, as well as RIPA (Racial Identity and Profiling Act) data.

[Crime Mapping and Data](#). This web page allows the public to map crime data filtered by date and location. Each incident is marked by a pin that holds summary data. Additionally, the page contains arrest information that can be filtered by date or searched by the arrestee's name.

[Newsroom](#). This web page contains news releases since 2020, press logs (summaries of activity available to the public) divided by area (North County, South County, and Coast), and other items of interest.

Additionally, the Sheriff's Office is developing a new, more robust portal to provide additional context to the statistic and information offered to the public.

Conclusion

On behalf of Sheriff Christina Corpus and the men and women of the San Mateo County Sheriff's Office, it is an honor for us to provide law enforcement services to the people of San Carlos. We are committed to always doing our best and continually striving to improve our performance.
