

Pescadero to the Sea

Connected Infrastructure
Connected Community

Agenda

- Project Origins
- Partners & Purpose
- Process & Progress
- Opportunities for Involvement

Top Ten Projects, 2019

Votes	Topic
196	Trail from Pescadero to the ocean
193	Housing: small individual homes
192	Pedestrian/bike bridge over Pescadero Creek in the Goulsen right-of-
187	Community Center
177	Trail from downtown to the High School
173	Housing: upper floors of 'mixed use' downtown buildings
173	Trail from Pescadero to Memorial Park
165	Laundromat
161	Affordable Housing and teacher housing on North Street school site
160	Find solutions for septic/water issues
160	Publicly accessible pool

PLANNING FOR EQUITY

Pescadero Town Planning Initiative

*Members of the Steering Committee received anecdotal information that some people thought this question was voting for a pedestrian bridge along Pescadero Creek Road where it floods regularly, instead of the location in the Goulsen right-of-way. We do not know how many people were confused about this board.

Connecting California's Coastal Trails, 2023

Desired Planning Project Outcome: Shared Action Plan for Trail Development

Assessment of Potential Trail Route Segments

Community-Vetted Trail Concept

Strategic Funding Plan

Initial Designs

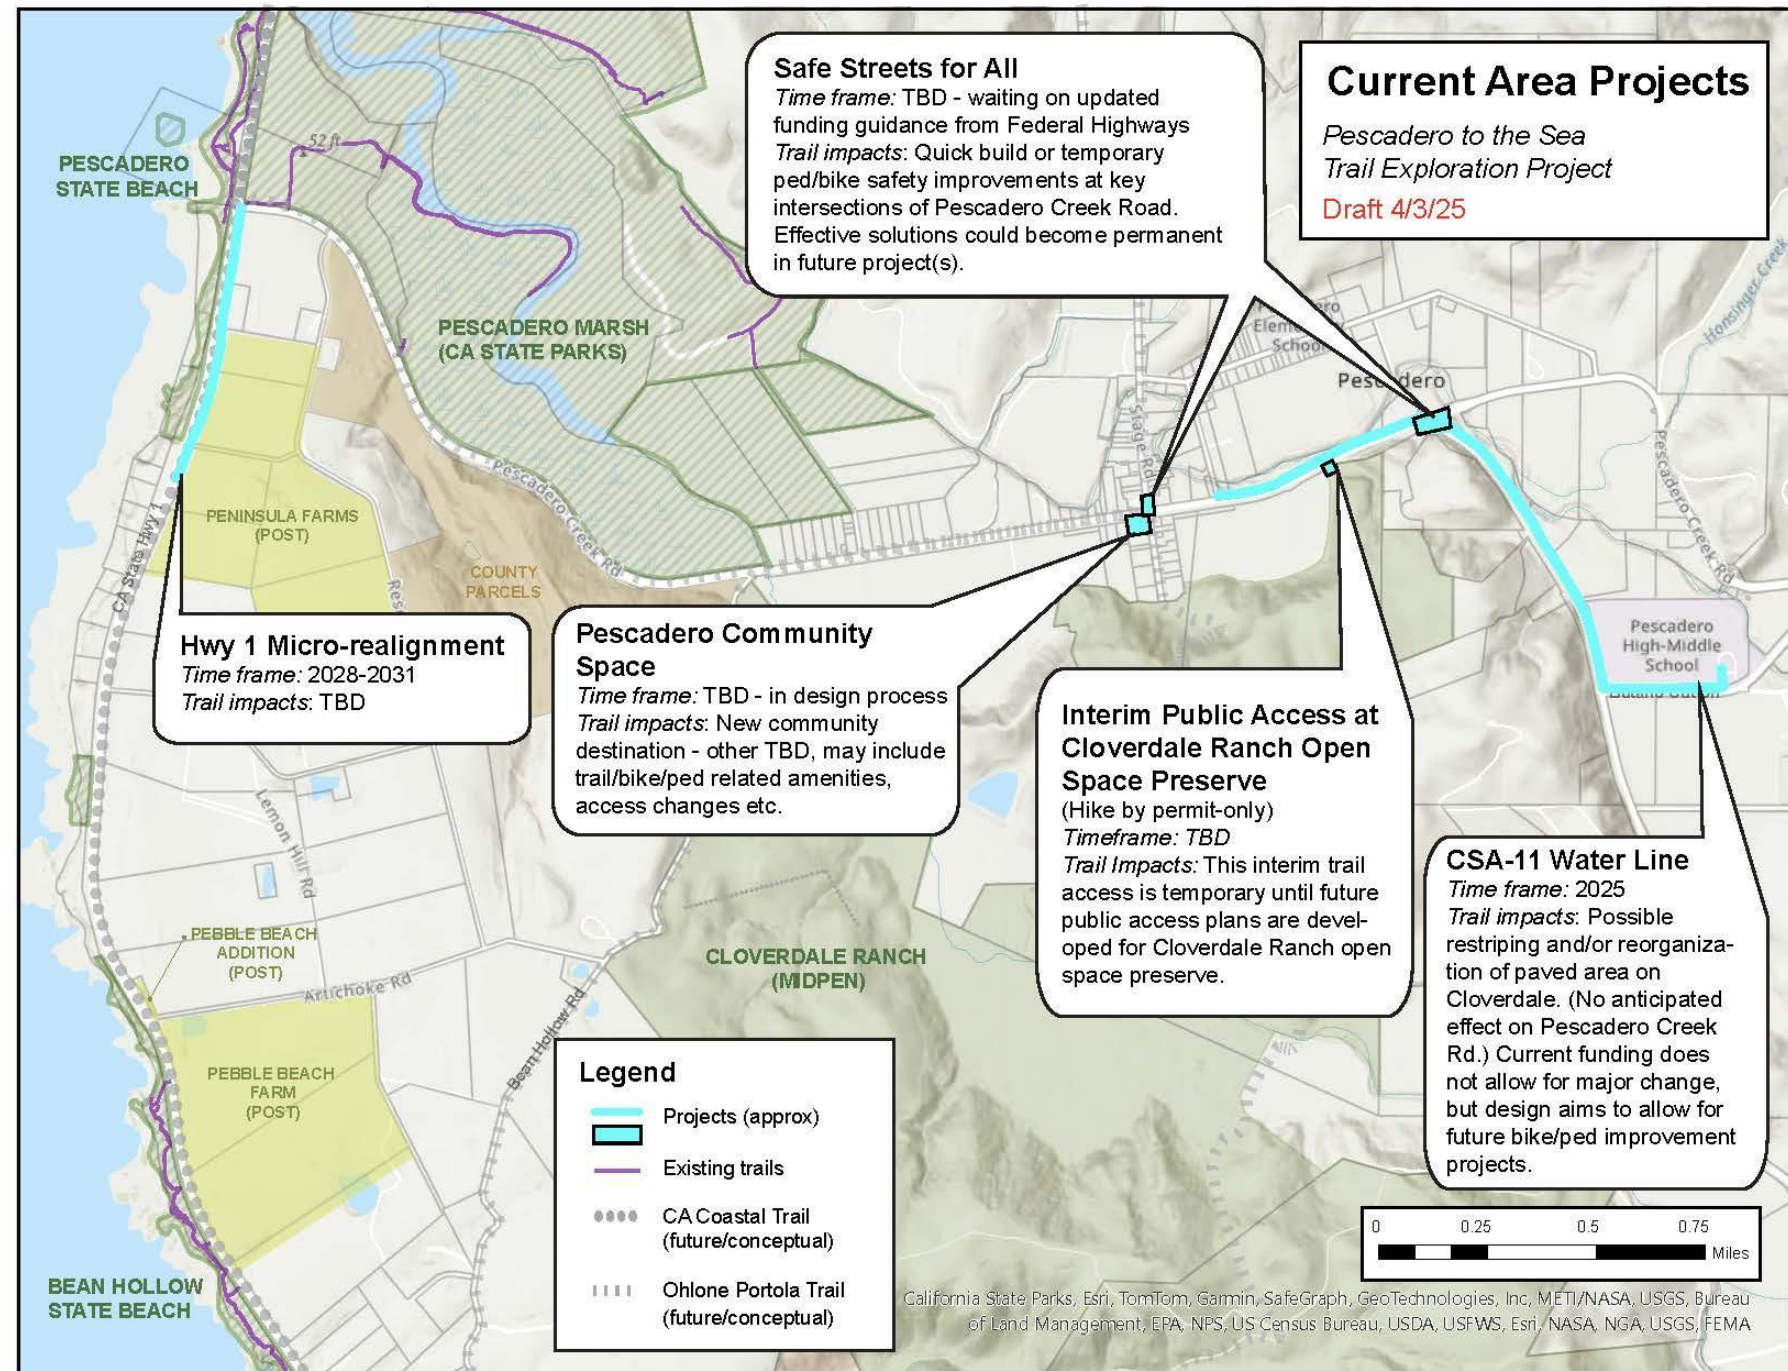

Continued Community Stewardship

Progress to Date

Context for Informed Participation

How might we make a connective trail project even more valuable to all stakeholders?

Visitors

Access to businesses
in town

Community

Increase recreational
and commuter routes

Public Agencies

Leverage projects for multiple
improvements (lighting,
stormwater, etc)

Connect to pocket park or community spaces

Organize parking along trail

Increase public safety

Interpretive signage about ecological
and cultural histories

Habitat restoration & flood
resilience

Parallel Paths to Connect Community

Outreach

- Regular updates and background info
- Project web page
- Local communications (KPDO, Sustainable Pescadero, NextDoor)

Engagement

- Data gathering and diverse input to build participatory decision-making
- Quarterly public workshops/activities
- Kickoff: April 13 – SpringFest voting boards & online survey

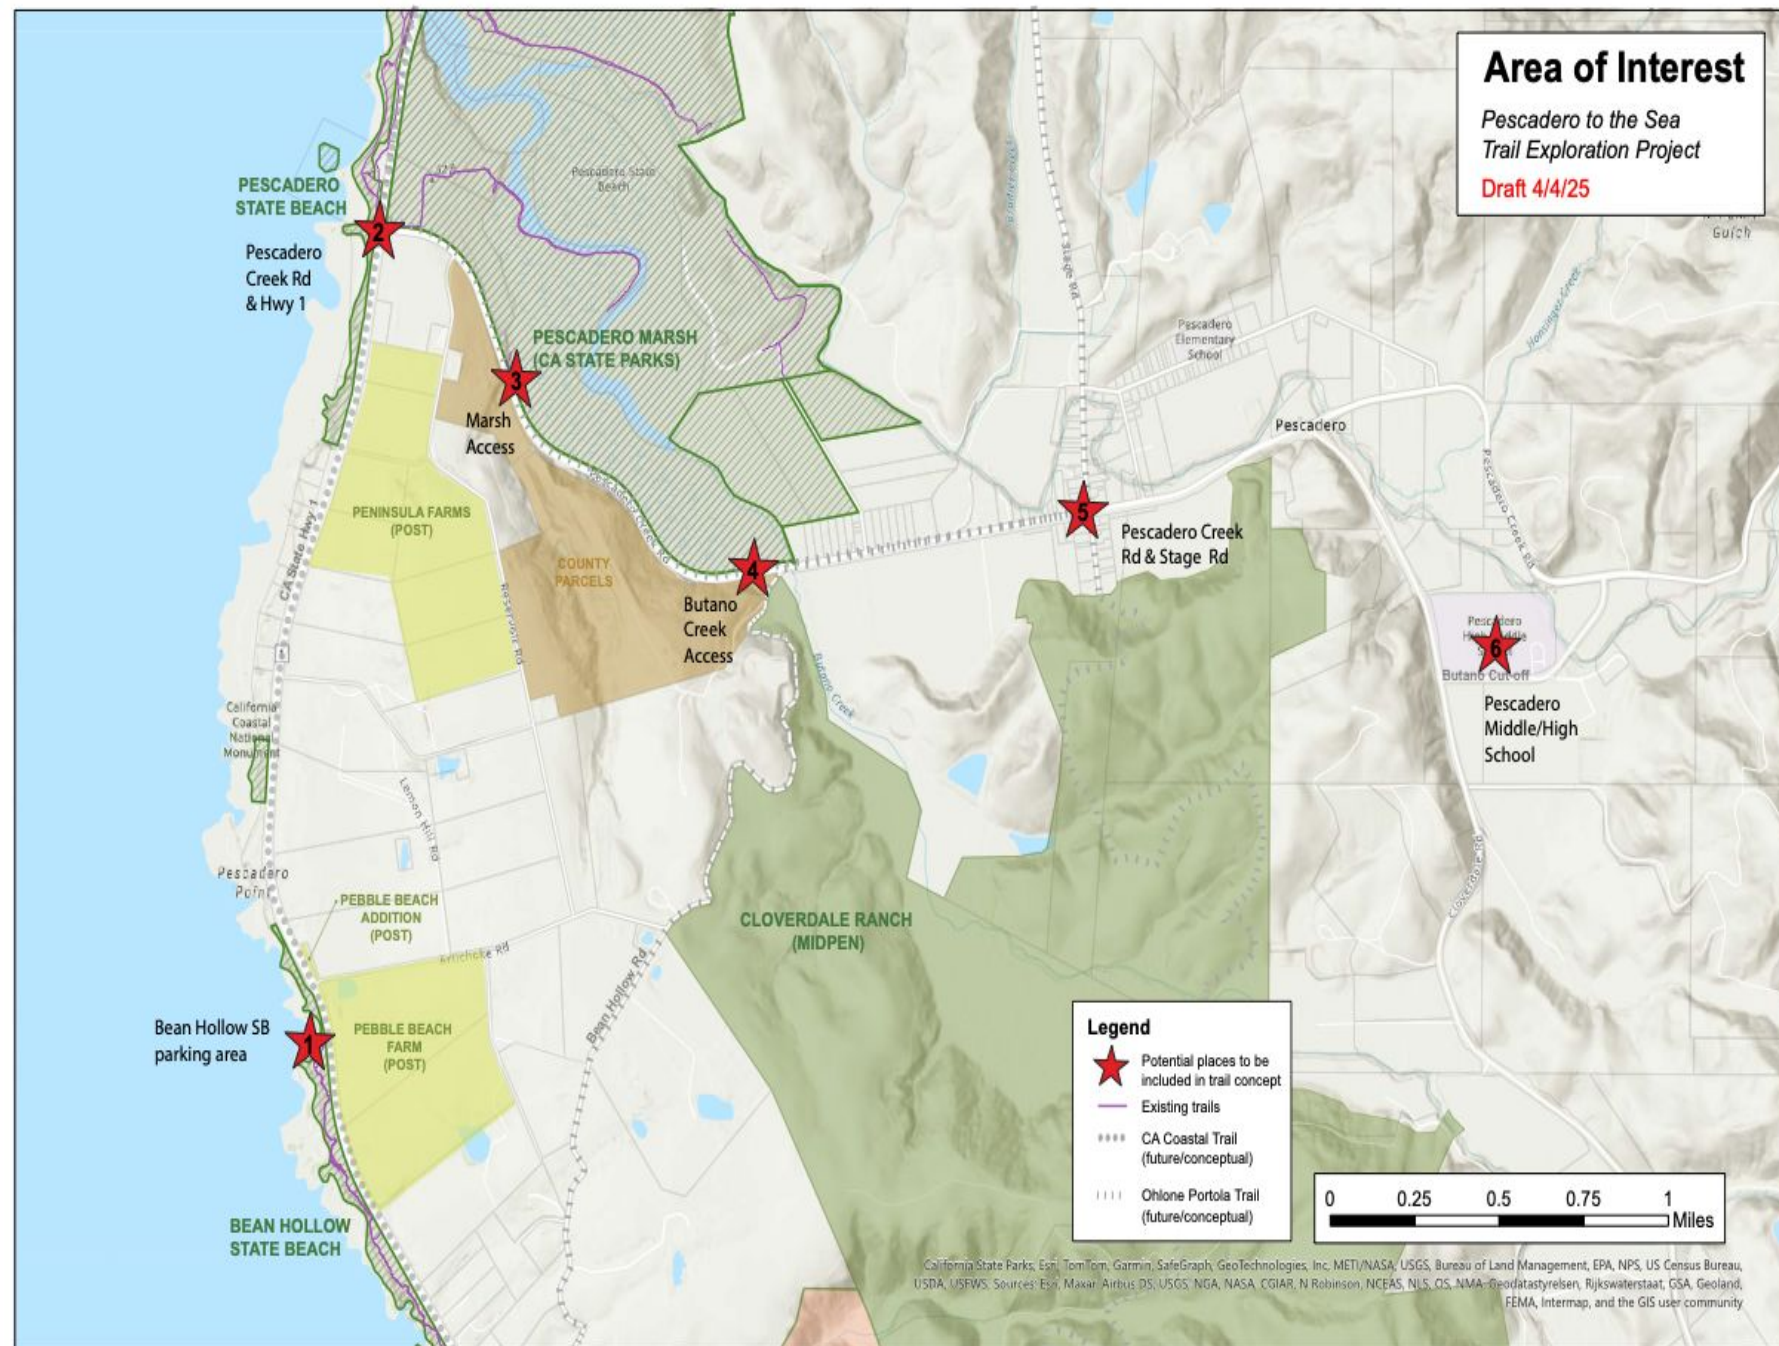

Coastal Stewardship Program

- Collaborate to develop community learning & service projects
- Monthly topics: coastal science, infrastructure planning, regulatory policy
- Ongoing: active maintenance of trails
- Participatory stipend (pending funding)

3 Key Questions:

1. Where do you want to go?
2. What does it look like?
3. Who takes care of it?
